Do you need answers...

- › *What are my options for staff training?*
- › *What are my safety obligations to my staff?*
- › *What financial incentives are available?*
- › *Can TDT help with my staff training matrix?*

Key Course Objectives:

- Follow and apply workplace OHS procedures
- Safe Manual Handling
- Identify hazards within the workplace
- Implement risk control measures
- Minimise pollution from the workplace
- Carry out basic vehicle / equipment inspections
- Apply effective communication skills
- Identifying customers needs
- Apply fatigue management strategies
- Carry out load mass and area calculations

Upon completion of your selected course your employees should have cemented, at a minimum their existing skills and knowledge in some of the key areas.

TDT Training Australia can provide training to suit your organisation's needs and deliver training in your workplace for your convenience. While a full qualification gives comprehensive training in a specific job role and attracts financial incentives you don't need to commit to this... *Simply if your staff only need specific skills ask us to customise a course to meet your requirements!*

"This training is delivered with Victorian and Commonwealth Government Funding"

Please note: a small tuition fee may apply.
