To Whom It May Concern,

From Monday the 11<sup>th</sup> May through Wednesday 13<sup>th</sup> May 2009 I undertook training to gain my Heavy Rigid truck license at your Dandenong complex. Having not driven trucks before I was obviously a little intimidated and unsure of how I'd cope to begin with. But your staff, particularly my personal instructor, Bruce, made me feel comfortable and competent through their excellent training. All staff members, from administration to teachers were both well organised and easy to deal with. I thoroughly enjoyed my time at TDT Training Australia and all of your staff, particularly Bruce, are an absolute credit to your organization. I will happily recommend your services to anybody I know looking at attaining any services you provide. I thank you very much once again, and will hopefully see in the future for my next license! Thank you once again.

Kind regards,

Timmi Sanders  
Butler Market Gardens.
